## ARE WE ALL DOWN HEARTED?

WE SHOULD SAY NOT!

When farmers like Mr. Hugh  
MacPherson, living about four miles  
South West of Bow Island, bringing  
in wheat standing 31 3/4 inches high  
and oats 20 inches high, looking a  
lovely green and all with good heads.

These samples were brought into  
the Review Office last Saturday at  
28th. June and should average 20  
bushels of wheat and 90 of Oats to the  
acre.

Mrs. George Bruce returned Friday  
from Calgary where she had been  
spending a few days.

## The Latest and Best

We offer the Case 15-27 Kerosene Tractor as the **key** of  
them all. It is creating a sensation all over the country. It is  
the result of 77 years of experience of the famous J. I. Case  
Threshing Machine Company.

It pulls three plows in hard plowing—four plows under  
favorable conditions. It has abundant reserve power. It  
burns kerosene successfully and economically.

This sturdy tractor is adaptable for all kinds of drawbar and  
belt work. It drives a 2646 Case Thresher with Feeder and  
Wind Stack. Its pulley is properly placed for convenient  
"lining up."

It is small and compact and built for accessibility. No tractor  
is finer. You should become acquainted with its many  
superiorities, which we will be glad to explain. Don't buy  
before you see this better tractor.

## EMPEROR OF ASIA BEING UNLOADED

Pleanty of Longshoremen Available to Handle Valuable Cargo

VANCOUVER, B. C., June 30.—Two hours after the C.P.O.S. liner Empress of Asia made port at 7 o'clock this morning, cargo was being unloaded, hundreds of volunteer longshoremen offering their services. Cargo was switched from other vessels and the big ship is being worked with plenty of men. The liner has one of the biggest and richest cargoes she ever brought from the Orient, in addition to the regular miscellaneous freight, there being a shipment of \$1,000,000 worth of silk which is being shipped through to New York and other eastern ports.

One of the biggest passenger lists the liner ever carried was brought across. There were 342 in the saloon, 50 cabin and several hundred in the stowage. Included in the latter were 54 pilgrims and 214 Chinese.

Among these disembarking here were Sir Everard Fraser, British consul agent at Shanghai, who is on his way to England, accompanied by his wife; Sir Charles Crew, a retired brigadier-general of the British army in South Africa; Surgeon Captain, Draper of the Royal Navy, who is returning from Hong Kong; Commander J. K. Muir, of the Navy hospital at Wei Hai Wei, China, who is accompanied by Mrs. Muir; H. P. White, manager of the Douglas Steamship company, who is returning from Hong Kong.

There were many English officers and among the business men were E. A. Nanton, of Winnipeg, and D. K. Fitzsimon of Winnipeg.

### FROST IN QUEBEC

#### HURTS SMALL FRUIT

QUEBEC, June 30.—Frosts that caused widespread damage, especially to small fruits, visited Quebec district Saturday night. Farmers from Port Kent county, Quebec, Montmancy, Lyle and other counties report an ice frost that damaged potatoes, killed beans, peas, berries and other fruits.

### BRELAU NOW IN

#### STATE OF SIEGE

LONDON, June 30.—A state of siege was proclaimed at Breslau on Saturday night and government troops occupied the railway station after short resistance by the strikers, according to a Berlin dispatch to the wireless press. The state commissioner had decreed compulsory work for Breslau workmen.

## Holland Warned To Keep Wilhelm From Escaping

London June 30.—The allied governments have represented to the government of Holland the necessity of taking steps to prevent the departure of the former German emperor from Holland. C. B. Harwood, under secretary for foreign affairs, announced in the house of commons this afternoon.

New York June 30th. George J. Gould was removed by Supreme Court Justice Whitaker late today as executor and trustee of the late Jay Gould, his father. The court based its action upon the motion made by Frank J. Gould, a brother of George.

## BOW ISLANDERS VISIT WINNFRED

BOW ISLAND, June 26.—Winnfred sports day was well patronized by the people of this town. Baseball no doubt attracted many of them. Also several went down to attend the dance.

Herman Travis' pony we were pleased to note was again a winner.

On Saturday afternoon of last week the Women's Institute met in the Rest Room. There was a fairly good attendance of members and besides there were several little girls present who wished to organize a Junior Institute. They named their own president, Mrs. J. D. James, of the Women's Institute. We were disappointed in the program as the promised paper was not given. After the business was concluded a dainty, refreshing lunch was served by Mesdames Blaine, Nevers, Thompson and Miss R. Pentland. The next regular meeting day, July 13th, the Institute will hold their annual picnic in Mr. Jas. Mitchell's grove.

The public school picnic was held at Mr. J. Mitchell's, south of town on Tuesday afternoon. Action carried the teachers and pupils to and from town to the grounds. The time there was spent in sports and races of different kinds. Several prizes were given for different sports, when the latter ones reached home they were tired but all well pleased with the holiday and thankful to teachers and others who took them out in their autos or helped in any way to make the day a jolly one.

An ice cream social was held on the grounds adjoining St. Andrew's church last evening, June 26th, under the auspices of the United Ladies Aid. There was quite a crowd present and the ice cream seemed to be greatly in demand as the night was excessively warm. The program consisted of a duet by Mrs. Stone and Miss Shaw, vocal solos by Mrs. Baynes and by Mr. W. F. Henderson and a clarinet solo by Mr. Ward. All items of program were enjoyed and the audience voted the appreciation by a hearty clap after each number. The Rev. V. M. Gilbert acted as chairman. The band was to have been in attendance but failed to be there which was quite a disappointment.

Mrs. Gibson and daughter of Malet were in town on Saturday.

Mrs. A. D. Rolfe and children left on Tuesday, June 24th, on an extended visit with her mother in Wisconsin. U. S. A. Mr. Rolfe accompanied them as far as Medicine Hat.

Mr. McKittick of the Herald staff spent the week-end in Bow Island.

Mr. and Mrs. Clifford Johnston went to Medicine Hat yesterday to have their infant treated by a doctor there. Mr. Johnson, Sr. and Mrs. Allen accompanied them.

Mr. and Mrs. Devereaux and Mr. Goulin of Stettler, who are making a motor trip through Southern Alberta, were guests of Mr. and Mrs. S. G. Jamieson yesterday.

Born—At Medicine Hat, on Friday, June 30th, to Mr. and Mrs. J. M. Mitrov a son.

Antoine Gregoire returned to Bow Island on business Thursday, from Medicine Hat on the noon train, and took the 6 o'clock train back to the Hat where he is undergoing treatment at the General Hospital, he expects to be in Bow Island for good in two or three weeks. We are glad to say he already looks better.

## Economical—Because It Covers More

EVEN if this paint were sold at a price half as high again as any other—it would still be the economical paint to use on your house. In sheer covering capacity it has no equal. A gallon of it goes so far that you'll buy less of it and yet do more with it.

## B-H PAINT

This paint is guaranteed to possess as its important basis the above formula which we inscribe on every can. The result of such a formula is all that you could ask in brilliance of color and in proper "body"—a paint which gives a fine lasting finish, excelling all others in "covering capacity" and in durability. Paint with B-H "English" Paint—and your house is protected for years, where a coat of ordinary paint will last but a few months.

## FORMER RUMANIAN PREMIER IS DEAD

JASSY, Roumania, June 29.—Pierre P. Carp, former premier of Roumania, is dead here. He was 83 years old. Mr. Carp, who resigned as premier in April, 1912, was leader of the Conservative party in Roumania. He was a member of the 1912-1917 party of Roumania.

### Profiteering In Canada

While not preparing in this article to even attempt to define the causes or contributing agencies to the excessive profiteering which has been and is still rampant in Canada, and also while not attempting to assume responsibility for suggesting the nature of the remedy that should be applied, it can be said without any hesitation or qualification whatever that the Government at Ottawa must act, as quickly, and even drastically, to put a stop to the extortionate profiteering in the necessities of life which has become not only a national scandal, but is so outrageous the feelings of the people that a situation is developing which constitutes a serious menace to the future stability of the Dominion.

The cost of living has now reached a height where even men of moderate income are beginning to worry how to make ends meet, while the man on small salary and the workman depending on his daily or weekly wage, are becoming almost desperate in their struggle to feed, clothe and keep a roof over the heads of himself, wife and children.

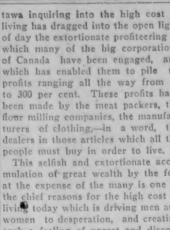

There can be no question, of course, that it was not possible for the civilized nations of the world to turn their activities and energies for four and a half years, from the work of peaceful production and trade, into the terrible business of war and wholesale destruction of life and property without such loss in production, and destruction of existing wealth and property, having the effect of increasing the cost of all articles that were made and produced. Under the circumstances, an increase was natural and inevitable, and if there were no other artificial contributing causes, the people would grin and bear it as one of the prices of the war, and securing of the future liberty and peace of the world.

Unfortunately, however, selfish interests, lacking the first elements of patriotism in their make-up, took advantage of the world upheaval and the necessities of their country and mankind engaged in a life and death struggle for their very independence and existence, to control and manipulate the life necessities of the masses of the people in such a manner as to pile up enormous profits and wealth for themselves, and to bring down the cost of living in this country. It can be done. It is not the outlook for Canada is far from bright.

A year or so ago the profiteering of the pork barons and meat pickers was disclosed to the public gaze and shocked the moral conscience of the whole country. Within recent weeks the Parliamentary committee at Ottawa inquiring into the high cost of living has dragged into the open light of day the extortionate profiteering in which many of the big corporations of Canada have been engaged, and which has enabled them to pile up profits ranging all the way from 70 to 300 per cent. These profits have been made by the meat packers, the flour milling companies, the manufacturers of clothing—in a word, the dealers in those articles which all the people must buy in order to live.

This selfish and extortionate accumulation of great wealth by the few at the expense of the many is one of the chief reasons for the high cost of living today which is driving men and women to desperation, and creating such a feeling of unrest and discontent that they are all too ready to act upon the advice and suggestions of extreme Socialists and agitators of all kinds, many even being willing to go to the length of revolution against all constituted authority.

It is not sufficient that Parliament should succeed in definitely exposing these evils, and thus confirm what the people have long suspected. There must be action by the Government to put these evils to rest. Unless such action follows swiftly upon these disclosures more harm than good will have been done, because the feelings of the people are being irritated by the facts made known. The Government must act, and act quickly.

Safety Can Be Found Only in the Military Partnership of the Victor

Paris.—The Paris newspapers, in commenting upon the decision of the German national assembly to sign the treaty, lay stress on the efforts of Germany to escape her responsibility and are in it proof that the German mental attitude has not changed. The Germans, it is learned generally, will observe the clauses of the treaty only with a knife at their throats, and point to the deliberate destruction of the German ships at Scapa Flow as a symbol and a warning. Belief is expressed by the Echo de Paris that the resistance of the Germans, manifested not only at Scapa Flow, but at all points in Europe where they are not bound, and slightly, will show the allies that safety can be found only in the military partnership of the victors.

### Canadian Wheat Condition Good

Ottawa.—A bulletin issued by the Bureau of Statistics places the total area sown to wheat in Canada this season at 16,958,500 acres, compared with 17,353,000 acres in 1918. The area sown to spring wheat is 14,160,250 acres, or 76,757 acres less than the area of oats is estimated at 14,546,000 acres, or 136,000 acres less than in 1918.

The average condition as of May 31 follows: Spring wheat 96, compared with 96 in 1918; fall wheat 101, compared with 93; all wheat 98, compared with 96; oats 95, compared with 100; barley 95, compared with 98; rye 101, compared with 94.

### Clemenceau's Work Done

Paris.—Premier Clemenceau has expressed his intention to resign from office as soon as the treaty is promulgated, feeling that he has accomplished the task for which he assumed the premiership, says Marcel Huin in the Echo de Paris. It is expected that parliament will ratify the treaty late in July.

### American War Expenditure

Washington.—War expenditures of the war department between April 6, 1917, and June 1, 1919, totaled \$14,541,610,000, Secretary Bieker informed the special house committee at the hearing of the probe of the department. Of this sum \$12,822,100,000 was spent in the United States.

### How Marshal Foch Rebuked Germans

Gen. Von Winterfeldt, When Asking For Armistice, Was French Cross of Legion of Honor

The tactlessness, lack of good taste, and utter mental obtuseness of the average Prussian is well illustrated by a breach of the proprieties committed last fall when Germany made her appeal for an armistice, the offer being made by a personage than Gen. Hans Von Winterfeldt, chief military plenipotentiary of the mission sent by Germany to call on Marshal Foch to arrange for terms.

It appears that General Von Winterfeldt, who should have been well informed on points of military courtesy, since he was seated at the court of Berlin and later spent many years in Paris as military attaché, some months before the outbreak of the war was seriously injured in an automobile accident while on duty. When the war broke out Von Winterfeldt took charge of the espionage service of the German Government at the court of Berlin. Under such action follows swiftly upon these disclosures more harm than good will have been done, because the feelings of the people are being irritated by the facts made known. The Government must act, and act quickly.

### FATEFUL YEARS FOR ALL WOMEN

How Best to Overcome the Troubles That Afflict Women Only

The most fateful years in a woman's life are those between forty-five and fifty, the so-called "menopausal" years, during which the body is in a state of transition, the blood is not so pure and the system is not so healthy as in the earlier years. Still, variations in health at this time can be relieved by home treatment.

Among the commonest symptoms are headaches and pains in the back of the neck, dizziness, palpitation, nervousness, depression, and a general feeling of weakness. These symptoms are also seen in the middle age, when the nerves are also weak and overworked. Now every woman can prove the prompt help afforded to her health by renewing her blood supply. It is a fact that this will make her feel better, and it will make her feel better, and it will make her feel better.

It is a fact that this will make her feel better, and it will make her feel better, and it will make her feel better. It is a fact that this will make her feel better, and it will make her feel better, and it will make her feel better.

### Film Company To Tour Canadian Rockies

Filming About Twenty-Five Hundred Feet of Our Canadian

Word has been received in Winnipeg that the Fred Stone Film Company, of Los Angeles, Cal., a party of fifteen people, is in Vancouver en route to Lake Louise, Banff and other Canadian Rocky resorts, for the purpose of filming western story which will include about twenty-five hundred feet of our Canadian Rockies.

This story will be an all-Canadian production, and will be shown when released, throughout the United States, Canada and Europe.

This is the first time a film company has ever attempted to stage a film at any of our beautiful resorts in the Rockies, and will be looked forward to with great interest by those who have seen and visited these resorts, and with wonder by those who have not yet seen such magnificent scenery as our Canadian Rockies afford, surpassed nowhere in the world.

**The Tale Of A Toad**

London, England.—A correspondent of the Morning Post writes that at the Netherland Club, Burton-on-Trent, a toad had been found buried in a coal seam 200 yards beneath the surface and a mile from the pit shaft. When a miner's pick struck into the pocket of clay that rolled the toad. Three inches in length, with skin like that of a young alligator, it has no mouth, and it is evident it cannot breathe. One thought the aperture is now sealed up. It is recovering its sight and moving about.

### Blind Canadian Soldiers

In the report of the Overseas Committee of Millis for 1918, which has just been published, it is stated that 66 Canadian soldiers who had lost their eyesight while on active service in the war, are now being fitted with blind instruction at that institution.

### The System is Poisoned

By Failure of the Liver and Kidneys to Purify the Blood  
Relieved by Use of Dr. Chase's Kidney-Liver Pills.

Too much eating of heavy, highly-seasoned foods and too little outdoor exercise are the most frequent causes. The liver is upset, becomes torpid and inactive, the bowels are constipated, the kidneys are overworked in an effort to get rid of the poisons. Headache, backache, itching of the skin, a burning sensation in the back, when this is not heeded the natural poisons accumulate in the blood, and cause a burning, itching, and aching in the back, and painful and fatal results.

## BASE BALL.

The Vics won their second game Saturday night when they defeated the Southern Tigers 6 to 5. Bateman pitched his usual steady game, getting nine strikeouts out, Foster replaced Spring in the box for the visitors in the fourth innings and held the Vics to four hits. Dalmage got a home run in the second inning.  
Catcher ..... J. Leary  
Pitcher ..... C. Bateman  
1st. Base ..... G. Dalmage  
2nd. Base ..... H. Parker  
3rd. Base ..... A. Bruce  
L. Field ..... L. Smith  
R. Field ..... S. Crittenden  
C. Field ..... R. Bratton  
R. Field ..... G. Leary

Last Monday the Intermediate game against Burdett was another walk away for the Vics, 27 to 7 being the final score. Bateman got fourteen strikeouts out and Dalmage eighteen assists and put outs at first base. Enard and Foster were in the box for Burdett, the latter being tapped for eleven hits in the second innings. The Vics line up was as follows:  
Catcher ..... J. Leary  
Pitcher ..... C. Bateman  
1st. Base ..... G. Dalmage  
2nd. Base ..... E. Allen  
3rd. Base ..... A. Bruce  
L. Field ..... S. Crittenden  
R. Field ..... G. Leary  
C. Field ..... R. Bratton  
R. Field ..... R. Clark

The Vics are playing a classy brand of ball now, double plays, steals and bunts being pulled on the visitors.

## 27 to 7

This is how the score stood at the end of the game between "Bow Island Vics" and the "Burdett Intermediate", Baseball Team played at Bow Island on Monday last 30th. June.

Sure some victory that, Bow Island scoring 27 to Burdett 7 Burdett Senior Team and a week or two back, that after practicing with Bow Island, they were going on a Coast tour, perhaps their seniors had better stay behind for a little and first play "Bow Island Intermediates", and after this Team was through with them, the Burdett seniors might have "a different think coming" against their Coast tour, eh, what?

GREAT WAR VETERANS'  
ASSOCIATION  
BOW ISLAND BRANCH

"Pro amor Rex et Patria."

A largely attended meeting of Returned Soldiers was held in Bow Island on Saturday last and considerable business was got through in connection with the formation of the local branch of the Association.

The following is a full list of Officers elected for 1919.

President.	Dr. H.R. Baines.
1st. Vice-Pres.	C. G. McKory
2nd. Vice Pres.	J. C. Whitehead.
Executive.	E. Mascham
	S. J. Bull.
	J. Kinley.
Sec. Treas.	E. Harding.

Soldiers are now returning to the district in considerable numbers and it is hoped to make the Bow Island branch of the G. W. V. A. one of the strongest locals in the district. On completion of organization, it is intended to celebrate the occasion by the holding of a dance or social.

All Returned Soldiers at Winnifred and Burdett and surrounding Districts are heartily invited to Join.  
A Cordial Welcome To All.
